WISH & WIN

Enter the Spot the Snowflake contest for a chance to win

1 GRAND PRIZE OF $10,000 IN SEARS CLUB™ POINTS*

How to Play!

We've hidden 30 unique four-digit codes in snowflakes that you'll find scattered in the Sears Wish Book®, at sears.ca and in Sears stores between now and December 15, 2010. The more hidden codes you find, the more contest entries you'll receive and the greater your chance of winning. Visit **www.sears.ca/wishandwin** to enter and for rules and regulations.

1 Grand Prize of $10,000 in Sears Club Points*

2 Secondary Prizes of a Panasonic® 3D TV
($2,999.99 value each).

1 Early Bird Prize of a Panasonic 3D TV, Blu-ray® DVD player, and 1 extra pair of 3D glasses. ($3,749.97 value). Enter by September 30, 2010.

Instant Win Prizes of over $4,500 in $20 Sears e-gift cards.
*Sears Club Points will be added to your Sears MasterCard or Sears Card. On approved credit. Details on pages 110 A-B

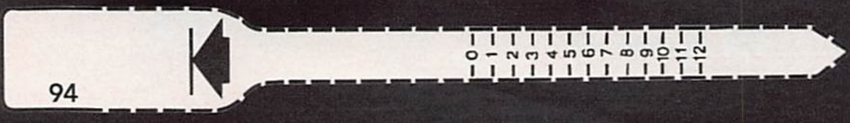
*ct.t.w. refers to the total diamond weight.

Jewellery on these 2 pages is shown larger than actual size to enhance detail.

SOME ITEMS ON THIS PAGE WILL REQUIRE 2-3 WEEKS FOR DELIVERY. PLEASE ENQUIRE AT TIME OF ORDER



For easier measuring, cover the ring size finder with clear tape, then cut it out. With numbers on the outside, wrap it snugly around your knuckle or where the ring will be worn (whichever is the larger). Size shown is ring size. If size is between numbers, order the next larger size, e.g.: if between 5 and 6, order size 6.

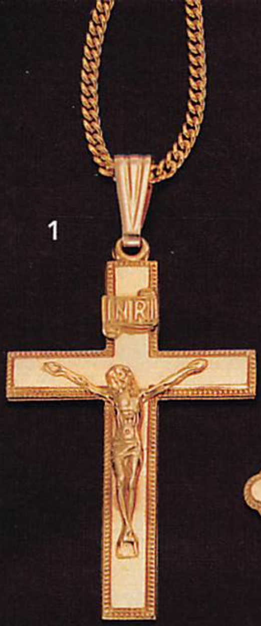
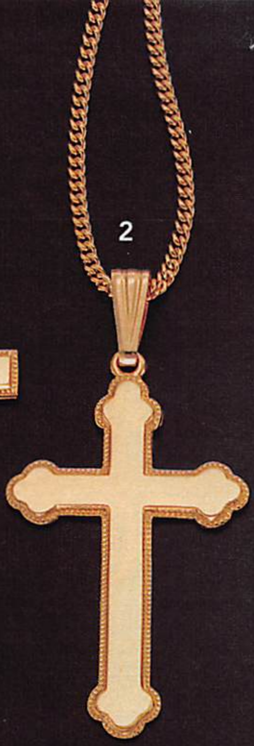
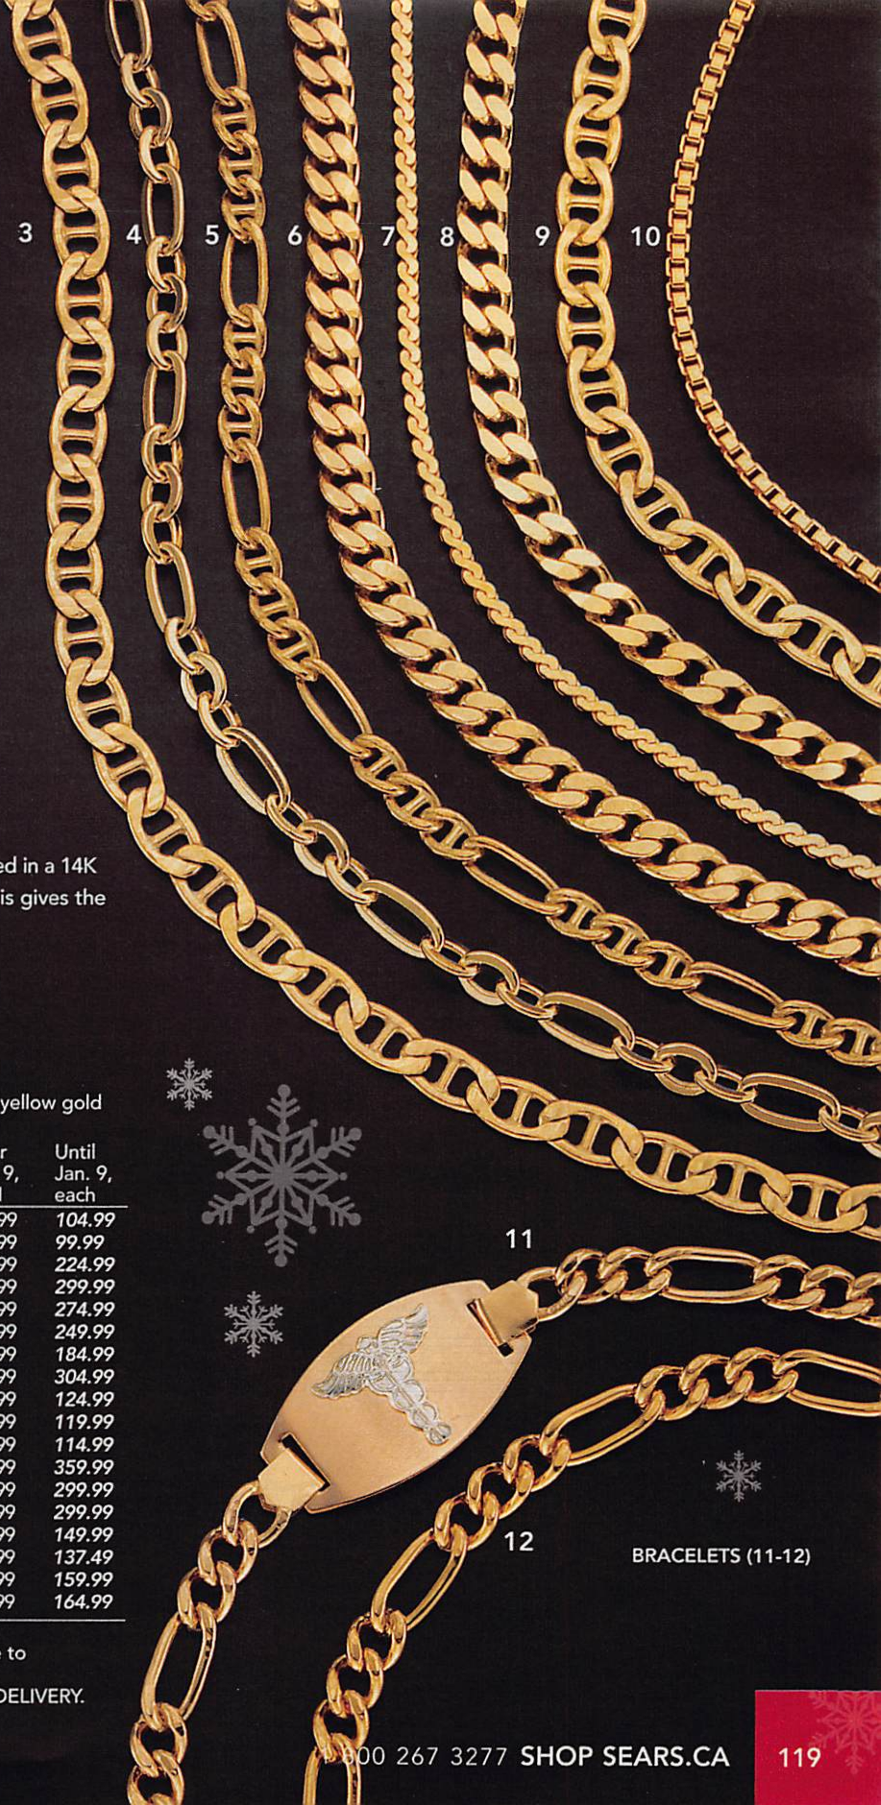
STILL TIME TO SHOP!

Order from any current Sears catalogue until Dec. 19, 2010 and still have your gifts arrive by Christmas in many areas. As always, we will confirm the availability date when you place your order. After Dec. 19, 'Direct-to-You' delivery may be an option. Ask for details.







Gold-filled

Gold-filled jewellery is made up of bonded metals covered in a 14K gold sheeting that is layered to a specific thickness. This gives the jewellery a strong, durable quality.

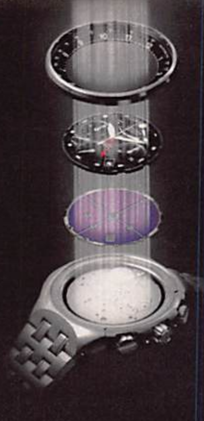
CITIZEN
ECO-DRIVE

The *power* of light



Natural and artificial lights are absorbed through the crystal and dial.

A special solar cell converts the natural and artificial lights into energy.

Enough energy is stored to power the watch, even in the dark, for approximately 6 months or longer.

SEARS SEASONAL RATING SYSTEM FOR OUTERWEAR

(for all styles sold in our catalogues)

MILD. Lightweight outerwear with no interlining, ideal for spring weather.

MODERATE. Transitional-season outerwear with a light interlining, ideal for cooler spring and fall weather.

COLD. Winter weather outerwear with an insulating middle layer, of fill or interlining, for warmth.

EXTREME. Outerwear that's more heavily insulated, often with down-blends, for colder winter conditions.

See individual listings for actual construction and fabric content.

Sears Price match guarantee

We'll match any canadian competitor's advertised price for identical merchandise offered in Sears catalogues and on sears.ca within 30 days of purchase.

We reserve the right to verify that the competitor is an authorized dealer located in Canada, that the advertisement is correct, and that the merchandise is identical (same brand, manufacturer and model name/number), and is in-stock at the competitor's local store. The competitor's offer must be in effect at the time of the Price Match request and the advertisement must pertain to the same geographic area.

Price Match Guarantee for Sears catalogue and website purchases does not include prices in Sears retail stores, Sears Home/Decor stores, Dealer stores, Outlet/Liquidation stores, Sears Outlet Site or other Sears website-exclusive advertised prices. Price Match Guarantee does not apply to Sears HomeCentral® installed products and services or licensed departments. Excludes competitor club, co-op or wholesale purchases, limited quantity offers, clearance, after-rebate or coupon discounted prices, auction website prices, discounts for 'cash' purchases, and damaged, reconditioned, shop-worn, floor model or other items that are not new and first quality.

Offer applies to the purchase price of the merchandise only, and does not apply to add-on related services such as delivery, installation, maintenance agreements, special credit or financing terms.

This program may be amended or discontinued at any time without notice.

To request a Price Match: Price Match requests cannot be made at time of ordering; requests must be made in person. At pick-up, or within 30 days of pick-up or home delivery, bring in the local competitor's current print advertisement showing a lower price for the identical national-brand item, and your original Sears sales receipt, to the nearest Sears catalogue location. Canadian website prices as offered by comparable competitors will be honoured when accompanied by a printout of the current website advertisement. If your request qualifies, you will be refunded the difference in price.

For C.O.D. orders (where accepted), cash will be refunded or a cheque will be mailed to your home address; for account purchases the refund will be handled by a credit to the account used (credit may appear on the next statement that follows the statement showing the item purchase).

A word about our catalogue advertising

About Prices and Savings: Unless otherwise stated, all price comparisons refer to Sears catalogue prices offered nationally in Canada and are in Canadian dollars. For many savings offers, Sears regular price will take effect after the sale. "No Lower Price This Season" and similar statements refer to Sears catalogue prices and do not apply to clearance prices. Prices in this catalogue are subject to change and do not include installation or home delivery. Shipping charges may apply to certain Sears locations. You will be advised of these charges when you place your order. A non-refundable handling fee of $3.00 will apply to all orders.

Find a Mistake? Sears reserves the right to correct pricing and/or advertising errors, and customers who are affected will be advised of the correction at time of ordering (correction notices may also be posted on sears.ca). Products, prices and promotions may only be available for this catalogue.

About Dimensions: Unless otherwise stated, all sizes quoted in this catalogue are approximate.

About Availability: Some items in this catalogue may be offered for sale elsewhere at Sears or at Sears licensees, but prices and offers may vary. When an item is out of stock, we will tell you if and when the merchandise will be available, and then hold your order. Our real-time inventory system sometimes is not able to keep up with demand, and we may have to cancel certain orders after they are accepted. In some cases, we may offer you a substitution of equal or better value.

About Recycling: Together we can help to improve the sustainable use of natural resources. Please return your expired catalogues to any Sears Catalogue Order Desk or Catalogue Store or place in your recycling Blue Bin at home. Collected catalogues will be sent to a recycling facility where they will be reprocessed for use in various products.

About Your Privacy: A copy of our complete privacy policy is available on www.sears.ca. If you have not opted out of the use of your Personal Information for marketing purposes, we may use your contact information (including telephone number and email address) for the marketing (including telephone/email marketing and automated telephone messages) of additional goods, services and special offers that might be of interest to you from us, our affiliates, or our selected third party service providers/business partners. If you have any questions about your privacy, you may call: 1-866-661-6626 or write to us at:

SMART tips

To make sure you're satisfied in the first place, so you won't have the inconvenience of returning your order. Satisfying your expectations and reducing returns is the goal of something we call Shopping ***SMART***. Listed below are some ***SMART*** tips so you'll be happy with your purchase.

Select carefully.

We strive to make sure our fashion sizing is accurate, so you can order the right size with confidence! It may be tempting to order a selection of sizes, but this guarantees you'll have unwanted items to return. Selecting carefully can save you the trip. For items such as swimwear, we may limit the number of items that can be ordered at one time.

Measure and be sure.

For your convenience, we include complete measuring instructions, size charts and fashion fit information in our major Sears catalogues and online at sears.ca. Measure and be sure so home furnishings, appliances and other large items will fit through your door and in your room.

Ask questions.

We're only a phone call away at 1-800-267-3277. We're happy to help you choose the item, size or colour that's best for you.

Retain your receipt,

in case you do need to return something. Without a receipt, returns will not be accepted.

Try it at home first,

before you enjoy your purchase. Try your new footwear on for size on a carpeted surface, before wearing them outside, as we cannot accept returns on shoes that are worn or scuffed. For holiday and special occasion dress wear, returns are accepted only when the original cord and seal are still intact.

making a return at Sears:

Canadians count on Sears... and for good reason

When you shop at Sears, you can trust that we'll stand behind our merchandise. Sears will make all reasonable efforts within the guidelines of this policy to ensure you are satisfied with your purchase.

1. No Bill, No Return. Proof of purchase (bill of sale or gift receipt) must be included when making a return. No returns will be accepted without a receipt.
2. Return items in unused condition, with all original packaging and accessories. For video and computer games, CDs and DVDs, returns will be accepted only on unopened items; in the event of a manufacturing defect, we will gladly exchange it for the identical item. Restocking charges may apply.
3. Return items promptly. When purchased on Sears® MasterCard®, Sears Card or Sears Gift Card, returns must be made within 90 days; 30 days for purchases made with any other payment method. The following exceptions apply: 30 days for Mattresses*, Furniture, Major Appliances, Outdoor Power, Seasonal Merchandise**, Fitness, Vacuums, Floor Cleaners and Garage Door Openers; 15 days for Computers, Electronics, Health/Home Care Products***, less a 20% restocking fee where applicable.
4. Please note that the item price and applicable taxes will be refunded. Shipping, handling, COD, Outlet Site charges and deferred charges will not be refunded unless an error occurred on our part, or merchandise is defective or otherwise not as advertised.
5. To return Direct Mail catalogue items: mail it back using the return label and enclose the completed "return form" - customers are responsible for return postage.

Visit sears.ca for complete details

Exceptions to the above standard return policy

- **Special Occasion Dresses and selected Men's and Children's dresswear** must be returned in their original condition with the "return tag" in place
- **Undergarments and hosiery** out of their original package or without the original tags removed cannot be returned unless damaged or defective
- **Monogrammed, personalized, and altered items** cannot be returned unless damaged or defective
- **Made-to-measure window coverings and rugs** cannot be returned unless damaged or defective. Includes made-to-order and custom-length window coverings
- **Video Games/DVD** returns will be accepted only on unopened items; in the event of a manufacturing defect, we will gladly exchange it for the identical item

Cord and seal program

Please note that certain women's, children's and men's apparel comes with a cord & seal tag. Returns of these items must be accompanied by the receipt and with the attached cord and seal intact.

SEARS
DO NOT REMOVE

Grandma's Pearls of Wisdom

I've traveled paths you've yet to walk
Learned lessons old and new
And now this wisdom of my life
I'm blessed to share with you

Let kindness spread like sunshine
Embrace those who are sad
Respect their dignity, give them joy
And leave them feeling glad

Forgive those who might hurt you
And though you have your pride
Listen closely to their viewpoint
Try to see the other side

Walk softly when you're angry
Try not to take offense
Invoke your sense of humor
Laughter's power is immense!

Express what you are feeling
Your beliefs you should uphold
Don't shy away from what is right
Be courageous and be bold

Keep hope right in your pocket
It will guide you day by day
Take it out when it is needed
When it's near, you'll find a way

Remember friends and family
Of which you are a precious part
Love deeply and love truly
Give freely from your heart

The world is far from perfect
There's conflict and there's strife
But you still can make a difference
By how you live your life

And so I'm very blessed to know
The wonders you will do
Because you are my granddaughter
And I believe in you

Why buy a treadmill?

Treadmills offer a range of speed and exercise options for people of almost any age. The movement used on a tredmil, either walking or running, is natural and works the larger muscles in your body to help you burn calories and strengthen your cardiovascular system. Best of all, bad weather will never get in the way of your fitness goals again.

Things to consider:

Motor size

The more frequently a treadmill will be used and the more intense your workouts will be, (walking vs. jogging vs. running) the stronger the motor you will need. Take note that a 2-CHP (continuous horsepower) motor is more powerful than a 2-HP.

Deck size

Taller individuals and walkers may require a longer deck. Cushioned decks help reduce stress and impact on your ankles, knees and hips.

Incline

Inclining adds variety and helps to intensify your workouts. Whether you prefer the convenience of a motorized incline or the economy of a manual, incline capabilities will help you maximize calories burned and keep you challenged.

Display & programs

Make sure your display keeps track of information that helps motivate you, like Heart rate, calories, distance & speed. Programs can challenge you by automatically varying the speed and/or incline of your treadmill.

Space

Keep in mind the space required for a treadmill. Different sizes are available and many come with convenient folding capability and roller wheels for easier storage.

EXERCISE NOTE

Before starting any rigorous exercise program, it is recommended that you consult your physician for a complete check-up. Proper use of the equipment, following all enclosed instructions carefully, may result in some minor soreness only. If other discomfort results, stop exercising and consult a physician immediately.

Why buy an elliptical trainer?

It's a terrific low-impact workout option, especially if you have joint issues such as injuried ankles or knees. NOTE: Consult your physician before using this equipment if you have any injuries.

Many models have moving handlebars allowing a simultaneous upper and lower body workout helping to provide a more intense cardio workout while toning at the same time.

Things to consider:

Stride length:
The furthest distance between pedals during motion. If one of the intended users is significantly taller, consider a model with adjustable stride length.

Resistance Levels:
Increasing resistance can help you burn more calories.

Incline:
By changing the incline of the elliptical motion, it helps work and tone different muscle groups.

Front vs. rear drive:
Rear drive provides the user with a smoother motion. Front drive leads to a flatter oval motion.

Display and programs:
Make sure your display keeps track of the information that helps motivate you like heart rate, calories burned, distance and speed. Programs can automatically vary the resistance and/or incline.

Space:
Some models fold for storage to put away in a closet or slide under a bed.

See exercise note on page 516.

Why buy an exercise bike?

You can work out in the comfort of your own home in a seated position. They are generally less expensive than other home fitness equipment such as treadmills and elliptical machines.

Things to consider:

Comfort and position:
Upright bikes are more similar to regular bikes and permit pedaling in a seated or standing position.

Recumbent bikes (with pedals in front) tend to be more comfortable than uprights. They provide more back support so people with back ailments can work out for a longer period.

Workout goals:
While an upright bike may allow a more intense workout, a recumbent bike can provide a fat-burning cardio workout that targets buttocks and inner thighs.

Displays and Programs:
Make sure your display keeps track of the information that helps motivate you, like heart rate, calories, distance and speed. Programs can automatically vary your bike's resistance and the intensity of your workout.

Space:
Upright bikes typically take up less space than recumbent models and other type of cardio fitness equipment; some can even fit in a closet for storage.

Why buy strength-training equipment?

Training with weights can strengthen not only your muscles, but also your bones, helping to reduce your risk of osteoporosis. Weight training can also help fight the aging process and enhance your appearance (note that muscle tone develops gradually over time, so women are not in danger of developing overly large muscles overnight).

Weight training also helps increase your metabolism so that you burn more calories.

Things to consider:

Your fitness goals

If you want to tone just a few specific muscles, you may want a strength training product that focuses just on those areas of your body. A home gym system that permits many different exercises may be a good option for those interested in isolating several different muscle groups. Benches with adjustable incline allow you to target muscles in different ways.

Free weights vs. machines

Free weights include dumbbells, barbells and kettlebells. Unlike free weights, machines tend to restrict users' movements, which can sometimes help novices to use proper form.

Comfort and safety

Weight benches and machines should be sturdy and safe. Padded adjustable seats will enhance your comfort.

Space

Consider where you plan to exercise and measure to ensure you choose a weight system that will fit.

See exercise note on p. 516.

Why buy an inversion table?

Inversion therapy may help reduce the pressure on your bones, help improve flexibility, plus may reduce muscle tension and pain.

Things to consider:

Multiple inversion angles:
A table that allows you to lock into multiple inversion angles allows you to ease into inversion and offers you more options. Locking into an inversion angle allows you to perform stretching exercises or abdominal crunches in place.

Full inversion capability:
Not all tables have the ability to fully invert, so consider whether you are interested in this feature. Some manufacturers measure inversion from a lying down position, so full inversion is sometimes called 90°, sometimes 180°.

Comfort and safety:
A good inversion table is sturdy and locks your ankles in place securely and comfortably. Tall people need to make sure the table they choose has the full range of adjustability required for their height.

Space:
Many models fold for storage.

The Sears Gift Card is not redeemable for cash or credit in whole or in part. It cannot be used as payment on Sears credit accounts, gift certificates or merchandise certificate purchases. You may check the balance remaining at any Sears retail store, or by calling 1-800-400-1000. The gift card is the property of Sears. Lost or stolen cards will not be replaced. Sears must activate the gift card prior to use. Only redeemable in Canada.

Ship-A-gift® service

Our Ship-A-Gift service is an easy and convenient way to send gifts to family and friends practically anywhere in Canada. Simply order from any current Sears catalogue or from sears.ca and indicate that you want to use our Ship-A-Gift service. We'll deliver your gift, with the price tag removed, directly to the recipient's doorstep (for a very reasonable fee) or to the Sears location nearest them (often at no charge)††. What could be easier! See below for more details.

Gift boxes

For just 4.99 per box, we'll package your gift of clothing or jewellery in a gift box, personalize it with a gift tag, and send it to any Sears location in Canada. Your personal greeting on the gift tag can be up to 35 letters and spaces. Available for all in-stock kids' wear, women's wear, men's wear and jewellery in all current catalogues. Home delivery is extra.

WHEN BUYING YOUR WOOD-BURNING STOVE, PLEASE REMEMBER to keep in mind the cost for necessary accessories required for installation and maintenance. Installation costs may vary, depending on which room in the house will contain the stove.

†EPA (Environmental Protection Act) certification means that the volume of combustible gases entering the air is minimal.

For bilingual technical information on Drolet stoves, call 1-877-356-6663, Monday-Friday, 9 a.m.-5 p.m., EST or visit www.drolet.ca

NOTE: Unless specified, stoves are not for use in mobile homes. Chimney installation kits not included.

IMPORTANT: Wood-burning stoves must sit on a floor made of non-combustible material or a floor protector must be used. Protectors should extend 18" in front and 8" on either side of unit. Before ordering, check your local by-laws for any restrictions. Wood-burning stoves have been tested by Warnock-Hersey Ltd. to comply with CSA standards.

The SONY Reader™ digital book has a lightweight design, is small enough to slip into a purse or jacket pocket and features a large display with E Ink®; a paper-like screen technology for easy reading, even in direct sunlight.

E Ink® Vizplex™ screen technology delivers an amazing, paper-like display that's more like ink on paper and fully readable in direct sunlight.

Enjoy up to two full weeks of reading (7,500 continuous paper turns) on a single battery charge. By supporting both industry standard formats (ePub and PDF), you can access books at the Reader Store from SONY, check out books from public libraries, access over half a million free public domain titles from Google®, as well as sharing sites, online aggregators and personal publishers.

A SONY READER POCKET EDITION™
• 3 font sizes • 512 MB of built-in memory holds approx. 350 eBooks at a time • supports Adobe® PDF, Microsoft® Word, BBeB® format, ePub, Adobe Digital Editions and other text formats • weighs only 9 oz.
